PLANNING AND CONTROL OF WORK (WORKSHOP)

The Workshop in Planning and Control of Work places emphasis upon:

- (1) Theoretical approaches to planning and controlling of work,
- (2) Time management as an important ingredient of planning,
- (3) Formal planning and controlling instruments employed by the Agency,
- (4) Informal planning and control at the initiation of the supervisor,
- (5) Problems in planning and control.

Pre-course work, group exercises, a film, and roundtable discussion are training methods used in this one and one-half day workshop.

PLACE Chamber of Commerce Building, Room 236.

PREREQUISITES The Supervision or Management courses or the new course, Fundamentals of Supervision and Management. The participants in this workshop will find it valuable to call upon the substance of the prior training.
